Paint-Strippers Proposed Reg Text.pdf

Hello Jeff and Tanya,

Thank you again for meeting with me. I apologize for the security snafu that cut into our limited time. It's always helpful for me to meet with you though – even if only briefly. Attached please find the primary documents associated with our methylene chloride rulemaking. That is, the regulation text and the technical summary. Additional supporting documents are here <https://calsafer.dtsc.ca.gov/cms/commentpackage/?rid=12734>

I'll look forward to our call next week. We identified a few topics for the agenda:

Methylene chloride rule status

CBI sharing provisions

ORD SHEDS-HT modeling

I'll share these with Monica so that she can draft an agenda.

Regards,

Meredith
